HAVE YOU GIVEN YOUR FARM A NAME?

What about naming the farm? Lots of pretty names to choose from, and they always make the owner think more of the home. The name, if well chosen, will be worth dollars to the farm when it is sold. Local features should be considered in giving a name lest it do not fit. For instance, if your place is located in a valley between hills, do not call it "Breezy Point." Following are a few names suggested for those who have not yet named their farms: Airy Knoll, Airy Hill, Airy Mount, Arrowdale, Breezy Point, Bannerland, Branching Brook, Clover Crest, Cloverdale, Cedarcroft, Deepdale, Daisy Meadow, Deer Lodge, Dairy Downs, Eagle View, Forest Hill, Fountain Home, Grand View, Haycroft, Jerseyland, Hazelnook, Lyndale, Lakeside, Maple Grove, Morning Lane, Still Water, Sunny Side, Sunny Slope, Willowdale, The Willows.

Another thing. When you have named the farm, insist on that name; have it printed on your stationery; if you advertise anything, do it in the name of the farm, or as proprietor of that farm. Soon everybody will know where your farm is, and there will be a distinctiveness about the place that can be given to it in no other way. With an attractive name you will think more of your home, and so will other people.

CASE WAS ORIGINALLY SET FOR JANUARY

The abstract of record in the Hez Rasco case to the supreme court was sent to Jefferson City by the state on Wednesday evening, and Prosecuting Attorney George Pat Wright received word this morning from Attorney General Major that the record had been received and would be printed, so as to have copies for their brief, which Mr. Wright and Assistant Prosecuting Attorney Ford are now working on.

The Rasco case was originally set for the January call of the October docket of the supreme court, and was not set for hearing in October. A continuance was not requested by the state, and Prosecutor Wright says that the state has never yet asked for a continuance in the Rasco case. "The state is ready and would be glad if the case could be determined in October," says Prosecutor Wright.

The object of the city in hiring an engineer is to get an appraisement of the old plant and the value; to find out how much of the old plant could be used to advantage in a new water plant and the cost of same; the cost of a new water plant, and also to furnish plans and specifications and superintend the work of construction. Test wells will also be sunk by the engineering firm that is hired and experiments will be made to see if well water can be supplied to the city.

The Hanamo Telephone company was granted permission to lay a conduit from the company's office on Third street to First street in the alley, and from the back of the Democrat-Forum office through the alley to Frederick avenue.

WATER SHORT AGAIN

FOR SECOND TIME COMPANY WILL GIVE PARTIAL SERVICE.

TO BE SHUT OFF TONIGHT

Fire Protection to Be Maintained, But Service to Consumers Will Be Curtailed.

Manager G. B. Roseberry announced Saturday afternoon that the City Water company would shut off part of their service during the day and night from now on until rain is had to increase the supply. Only partial service will be given by the water company.

The company will commence about 8 o'clock this evening to shut off their service. Only part service in the daytime will be given.

The reason for the shutting off of the service is on account of the low condition of the 102 river, as we have had no rains for several weeks. The supply now on hand will last several days, and there is enough for fire protection.

Manager Roseberry said Saturday that there were several people working up the river to see if they could get water down the stream that is laying in several pools.

This is the second time within the past two months that Maryville has had only part service from the City Water company, due to the low condition of the river, as we have had little rain.

No relief will be in sight unless we have rain soon.

SPELLING CONTEST

OF ALL THE RURAL SCHOOLS IN COUNTY TO BE HELD.

PRIZES TO BE GIVEN

Will Be Given in Maryville in the Near Future to Awaken an Interest in Spelling.

Plans are being made under the direction of County Superintendent Oakerson for a big spelling contest for all of the rural schools of Nodaway county, to be held in Maryville in the near future. First, the preliminary contest will be held in each school district and the three best spellers will be selected. Then these three spellers from each of the districts in the township will enter into a preliminary township contest, and the three spellers of the township will be chosen, and will be permitted to enter in the county contest.

Polk township will be divided into two districts, North and South Polk.

Suitable prizes will be given to the winners. The test of spelling will be both oral and written work.

The object of the contest is to awaken an interest in spelling and also to make better spellers of the boys and girls over the county.

County Superintendent Oakerson said to a reporter of this paper Saturday:

"It is my opinion that the pupils of our public schools of today are not any poorer spellers than they were thirty or forty years ago, but it is my opinion that they are not as yet as good spellers as they should be."

The dates for the spelling contest has not been decided as yet, but if possible the contest will probably take place during the teachers' association meeting to be held in Maryville November 2, 3 and 4.

REJECTS DEMAND OF FIVE UNIONS

Kruttschnitt Refuses to Recognize Federation of Shopmen

STILL HOPE TO AVERT STRIKE

Refuses to Even Recognize Existence of New Organization—Representatives of Men Immediately Go Into Secret Session.

San Francisco, Sept. 2.—The Southern Pacific Railroad company, through Julius Kruttschnitt, vice president and director of maintenance and operation of the Harriman lines, absolutely rejected a demand for recognition of the federation of shop employees, comprising five shop craft unions and 25,000 men.

That such recognition, with its implications, would hamper the company in performing its duty to the public was the position taken by its officials. Union leaders asked for it on grounds of economy and expedition, and admittedly because of a feeling that greater centralization of capital and power made corresponding centralization among various unions desirable.

The unions involved had asked their general officers for permission to strike in the event of the refusal to grant recognition of the federation.

A conference lasting three hours and twenty minutes was terminated by Mr. Kruttschnitt's final answer and following it the union representatives, sober faced, went into session by themselves, to consider the strike vote, which they may accept as binding or may reject, refusing to sanction a strike.

Kline Presents Case.

President Kline presented the case for the unions and replied to questions put to him by the railroad officials, who acted without a formal spokesman during the discussion. Mr. Kline based his pleading on economic grounds, and one of the officials said "held his own" in the questioning from his angle of the case.

Once or twice the discussion became lively, but it never ranged beyond cool headed argument. The railroad officials, in their turn, took the position already publicly announced by Mr. Kruttschnitt that the federation's power and demands would render it impossible for them to perform the duties and carry responsibilities which make them in the words of Mr. Kruttschnitt "quasi-public officials."

Kruttschnitt Issues Statement.

At the end of the conference Mr. Kruttschnitt issued the following statement:

"A conference was held between the national officers of the shop employees and Southern Pacific officials. In the conference the question of the benefits to accrue to both the company and the men from a federation was fully presented by the international officers and the officers of the railroad company explained at length the embarrassment that the company would experience in performing its public functions if hampered by a committee vested with sufficient power to control or partially control its operations. The discussion ended without altering the situation."

Union leaders have made no secret of their anxiety to avert a strike if it can be done and means to that end were canvassed fully in their meeting.

"Our meeting with Mr. Kruttschnitt was without result," said W. Kline. "Neither side would concede anything. The demand that he recognize the federation was presented to Mr. Kruttschnitt, but he refused to grant it. However, we still have hopes of averting a strike."

The Southern Pacific company continues to lay off men, between seventy-five and 100 men from its auditing staff having been let out. Most of these men have been employed as train auditors and this work will be done by conductors from now on.

Train Inspectors Laid Off.

Omaha, Sept. 2.—Again the axe of retrenchment has been wielded along the lines of the Harriman system of railroads and a bunch of forty-three heads have dropped into the basket. This number of train inspectors on the Union Pacific lines in Nebraska, Kansas, Colorado, Wyoming and Utah have been dropped from the payrolls.

RAVENWOOD.

The Ravenwood picnic started off in fine shape Thursday morning. First was a parade by Harmony and the two Rosendale Sunday schools, numbering about 450. This certainly speaks well for this part of the country in Bible study. If any township in Nodaway county outside of Maryville can excel this we would like for them to speak out. We had by far the largest crowd for the first day we have ever had. The contest was won by Harmony Sunday school. Much of the exercise was instructive, entertaining and beautiful, with the ridiculous occasionally coming to the surface. E. F. Bishop delivered the address of welcome. Dr. Ford's address in the evening was very fine. He is a fluent speaker and a good entertainer. The base ball game attracted a large crowd. We have all the attractions and noise that usually follows such occasions. The roads, streets, and even the picnic grounds are getting very dusty.

Miss Louise Williams went to St. Joseph Saturday morning to visit over Sunday with her sister.

STRAW HAT SEASON CLOSED YESTERDAY

"Three months thou shalt wear a straw hat and on the first day of the fourth month, discard it."

Such is the first commandment of Dame Fashion in regard to the masculine sex and the wove head piece.

It is an established fact that the straw hat season opens for men on the first day of June, and he who wears one before that time is subject to much comment and guying. Yesterday, September 1, the straw hat brigade becomes a thing of the past.

Yesterday was a busy day for the housewife. The husband awoke early and glanced at the calendar, hanging in the chimney place. His face turned a ghastly white. Thinking him about to collapse the wife runs to his side.

"Are you sick, dear?" she inquires.

"Lizzie, where is my old hat?" comes the answer in weak tones.

"Why, John, I gave it to a poor man the other day, it looked so old, and I thought you could wear the straw hat until Thanksgiving."

"Until Thanksgiving! Why, woman, I will be ejected from decent society if I appear on the streets after today in that straw headgear," says the head of the house.

The angel-faced wife insists that a new felt hat cannot be purchased until she gets one herself.

"John, I've worn this hat for five months now, and it's made of straw. If I can wear mine you can wear yours."

"Nix on that noise, wifie," is the reply, "I must get a new hat today or be put down on the black list."

A compromise is reached. He gets the new hat, and she gets a check for a new seal skin sacque, or some other petty trifle.

Motto: Save your old hat to wear on September 1.

Mrs. H. H. McClurg and daughter, Miss Carrie, of Pickering were in Maryville Saturday. Miss McClurg went to McFall, where she will teach the Prairie school the coming year.

Miss Aleta Eckhouse went to her home at Conception Saturday to visit over Sunday with her parents, Mr. and Mrs. M. J. Eckhouse.

Attack Like Tigers.

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see simples, boils, eczema, saltrheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. FRANCE AT WAR ON FOOD PRICES

Ministers Seek to Secure Reductions of Cost.

IMPORTS OF MEAT PLANNED.

Suspension of Various Taxes One of the Methods of Relief—Rioting Continues in Many Towns and Movement Is Spreading.

Paris, Sept. 2.—Premier Caillaux discussed with the minister of commerce and the minister of agriculture, M. Pams, measures which are to make lower prices of food possible. Among the measures under consideration are the importation of meat and live stock and the suspension of various taxes. The sacking of shops and incidents of violence in numerous places in the northern departments continue.

A campaign for lower prices of food was started in Paris. Ten taxicabs, their occupants carrying devices on which were inscribed demands that the cost of necessaries be lowered, paraded through the Champs Elysees and other thoroughfares.

Open agitation, with some violence, is going on in thirty or forty towns and cities in the northern departments, and the movement is spreading to other parts of France.

Banners bearing the inscription "Butter at 30 Sous or Revolution" were borne in a procession of 2,000 persons, mostly women, at Donai. As they marched the manifestants sang revolutionary hymns.

Soldiers Called In.

Saint Quentin, France, Sept. 2.—Rioting which broke out here over the high price of food lasted all night. A regiment of infantry and a squadron of cavalry called out to quell the disturbances were unable to cope with the mob, which plundered shops in widely separated streets in the city at the same time. Twenty of the rioters were taken to the hospitals severely injured.

Trade at Standstill.

Lens, France, Sept. 2.—Trade is completely at a standstill here, owing to the fear of expected food riots.

CARLISLE GRADUATE LYNCHED

Peter Mallick, Charged With Beating Wife, Shot to Death in Idaho.

Spokane, Wash., Sept. 2.—Peter Mallick, half breed Nez Perces Indian and a graduate of Carlisle Indian school, was shot to death by an infuriated mob at Grangeville, Ida., as he lay asleep in his cell in the county jail in that town. Over thirty bullets were fired into his body. Mallick was arrested some time ago, charged with beating his half breed wife while on a drunken spree. Her ribs were broken and her life was in danger for over a month.

Prisoner Escapes From Jail.

Central City, Neb., Sept. 2.—Robert Saddler, colored, who was bound over to the district court on a charge of cattle rustling, effected an escape from the county jail by kicking a panel from the door between the corridor and the sheriff's office and is still at large.

Sentenced for Life at Eighty.

Janesville, Wis., Sept. 2.—Louis Keller, eighty years old, was sentenced to life imprisonment for the murder of Johanna Hischke on June 21. He shot the woman as the result of a row over his attentions to her sixteen-year-old daughter.

FRISBIE KILLED AT NORTON, KAN.

Taunts Drive Aviator to Fatal Trip at Fair.

AEROPLANE WAS IN BAD SHAPE

Curtiss Aviator Announced He Would Not Go Up and Spectators Souted "Faker"—Wife, Son and Little Girl Saw Accident and Blame People.

Norton, Kan., Sept. 2.—J. J. Frisbie, the Curtiss aviator, was killed by a fall at the Norton county fair. Frisbie met with an accident and only went in the air again when driven to do so by the taunts and jeers of the crowd.

Frisbie fell about 100 feet and the engine of his machine fell upon him, crushing his left side and chest. He lingered for about an hour before he died.

Frisbie has been giving exhibitions in Elmwood park for several days. Thursday his machine acted badly and he had a fall of about forty-five feet, but beyond bruises and a shaking up was not injured.

He was skeptical about the ability of his machine to stand another flight and decided not to go in the air, but when this statement was communicated to the crowd there was an angry demonstration. The spectators hooted and shouted, "Faker! Faker!" and refused to listen to explanations.

Mr. Frisbie announced that rather than have the big crowd go away with the impression that he was not willing to do his best, he would attempt a flight. He ascended from the track without difficulty and attained a height of 100 feet, but in attempting to make a turn the plane tipped and Frisbie lost control. As he came crashing to earth the spectators could see the aviator attempting to right the machine, but as it approached the ground one of the wings crashed into a barn and the biplane, glancing off, struck the earth with Frisbie underneath.

Frisbie's wife, son and little girl were witnesses of the accident. Mrs. Frisbie was prostrated when she saw her husband fall. She bitterly denounces the action of the spectators in forcing her husband to make the flight with a disabled machine.

Frisbie was well known among the aviators, having flown at Belmont park and being a participant in the recent big meet at Chicago.

PAUL GEIDEL IS CONVICTED

Jury Finds New York Bellboy Guilty of Murder in Second Degree.

New York, Sept. 2.—The jury in the case of Paul Geidel, the seventeen-year-old bellboy, charged with the murder of William H. Jackson at the Iroquois hotel on July 26, returned a verdict of murder in the second degree. The jury had been locked up all night.

That the jurors were discussing a verdict of guilty less than first degree murder was made evident when they came into court after having deliberated six hours and asked instructions regarding the different degrees of murder. The report at the court house was that three of the men had held out for a verdict of murder in the first degree, while the others were divided in their opinion between a judgment of acquittal and guilty in some less degree.

By the verdict of the jury Geidel escapes the electric chair, but will be sentenced for a long term in either Sing Sing or Auburn prison.

Motions were deferred by Judge Crain until next Tuesday, when sentence probably will be pronounced. A verdict of second degree murder provides for imprisonment of a term of twenty years to a maximum of imprisonment for life.

When Geidel was brought into court to learn his fate he was pale. Tears welled into his eyes and rolled down his face when he heard the verdict, and he clenched his hands in an effort to control himself. None of his relatives was in court. The prisoner had nothing to say after the verdict was pronounced and he was quickly led away to the Tombs prison.

DR. GLADDEN TO RETIRE

Pastor Who Originated Term "Tainted Money" Will Quit Pulpit.

Columbus, O., Sept. 2.—Dr. Washington Gladden, pastor of the First Congregational church, famed for his opposition to accepting John D. He yields leadership to his new assistant, Dr. Carl L. Patton, acknowledging that he is at a loss to account for the thinning of his congregation at Sunday services and declaring his belief that a younger man may be able to accomplish that which seemed impossible for him to do.

The Mink season is to close on Saturday, September 9. It has been given out that the season would close this Saturday, but the rumor has not been confirmed and there is probably no truth in it. The rumor comes from Falls City.

The first three days next week Humboldt is scheduled at Nebraska City, and on the three last days of the week they will play Clarinda at home.

All of the Maryville fans are for the old Comets to win the pennant in the Mink league.

HAVE YOU GIVEN YOUR FARM A NAME?

What about naming the farm? Lots of pretty names to choose from, and they always make the owner think more of the home. The name, if well chosen, will be worth dollars to the farm when it is sold. Local features should be considered in giving a name lest it do not fit. For instance, if your place is located in a valley between hills, do not call it "Breezy Point." Following are a few names suggested for those who have not yet named their farms: Airy Knoll, Airy Hill, Airy Mount, Arrowdale, Breezy Point, Bannerland, Branching Brook, Clover Crest, Cloverdale, Cedarcroft, Deepdale, Daisy Meadow, Deer Lodge, Dairy Downs, Eagle View, Forest Hill, Fountain Home, Grand View, Haycroft, Jerseyland, Hazelnook, Lyndale, Lakeside, Maple Grove, Morning Lane, Still Water, Sunny Side, Sunny Slope, Willowdale, The Willows.

Another thing. When you have named the farm, insist on that name; have it printed on your stationery; if you advertise anything, do it in the name of the farm, or as proprietor of that farm. Soon everybody will know where your farm is, and there will be a distinctiveness about the place that can be given to it in no other way. With an attractive name you will think more of your home, and so will other people.

CASE WAS ORIGINALLY SET FOR JANUARY

The abstract of record in the Hez Rasco case to the supreme court was sent to Jefferson City by the state on Wednesday evening, and Prosecuting Attorney George Pat Wright received word this morning from Attorney General Major that the record had been received and would be printed, so as to have copies for their brief, which Mr. Wright and Assistant Prosecuting Attorney Ford are now working on.

The Rasco case was originally set for the January call of the October docket of the supreme court, and was not set for hearing in October. A continuance was not requested by the state, and Prosecutor Wright says that the state has never yet asked for a continuance in the Rasco case. "The state is ready and would be glad if the case could be determined in October," says Prosecutor Wright.

The object of the city in hiring an engineer is to get an appraisement of the old plant and the value; to find out how much of the old plant could be used to advantage in a new water plant and the cost of same; the cost of a new water plant, and also to furnish plans and specifications and superintend the work of construction. Test wells will also be sunk by the engineering firm that is hired and experiments will be made to see if well water can be supplied to the city.

The Hanamo Telephone company was granted permission to lay a conduit from the company's office on Third street to First street in the alley, and from the back of the Democrat-Forum office through the alley to Frederick avenue.

A petition for a pool hall and a box ball alley to W. A. Lewallen was turned down by the council.

WATER SHORT AGAIN

FOR SECOND TIME COMPANY WILL GIVE PARTIAL SERVICE.

TO BE SHUT OFF TONIGHT

Fire Protection to Be Maintained, But Service to Consumers Will Be Curtailed.

Manager G. B. Roseberry announced Saturday afternoon that the City Water company would shut off part of their service during the day and night from now on until rain is had to increase the supply. Only partial service will be given by the water company.

The company will commence about 8 o'clock this evening to shut off their service. Only part service in the daytime will be given.

The reason for the shutting off of the service is on account of the low condition of the 102 river, as we have had no rains for several weeks. The supply now on hand will last several days, and there is enough for fire protection.

Manager Roseberry said Saturday that there were several people working up the river to see if they could get water down the stream that is laying in several pools.

This is the second time within the past two months that Maryville has had only part service from the City Water company, due to the low condition of the river, as we have had little rain.

No relief will be in sight unless we have rain soon.

SPELLING CONTEST

OF ALL THE RURAL SCHOOLS IN COUNTY TO BE HELD.

PRIZES TO BE GIVEN

Will Be Given in Maryville in the Near Future to Awaken an Interest in Spelling.

Plans are being made under the direction of County Superintendent Oakerson for a big spelling contest for all of the rural schools of Nodaway county, to be held in Maryville in the near future. First, the preliminary contest will be held in each school district and the three best spellers will be selected. Then these three spellers from each of the districts in the township will enter into a preliminary township contest, and the three spellers of the township will be chosen, and will be permitted to enter in the county contest.

Polk township will be divided into two districts, North and South Polk.

Suitable prizes will be given to the winners. The test of spelling will be both oral and written work.

The object of the contest is to awaken an interest in spelling and also to make better spellers of the boys and girls over the county.

County Superintendent Oakerson said to a reporter of this paper Saturday:

"It is my opinion that the pupils of our public schools of today are not any poorer spellers than they were thirty or forty years ago, but it is my opinion that they are not as yet as good spellers as they should be."

The dates for the spelling contest has not been decided as yet, but if possible the contest will probably take place during the teachers' association meeting to be held in Maryville November 2, 3 and 4.

REJECTS DEMAND OF FIVE UNIONS

Kruttschnitt Refuses to Recognize Federation of Shopmen

STILL HOPE TO AVERT STRIKE

Refuses to Even Recognize Existence of New Organization—Representatives of Men Immediately Go Into Secret Session.

San Francisco, Sept. 2.—The Southern Pacific Railroad company, through Julius Kruttschnitt, vice president and director of maintenance and operation of the H. [illegible] lines, absolutely rejected a demand for recognition of the federation of shop employees, comprising five shop craft unions and 25,000 men.

That such recognition, with its implications, would hamper the company in performing its duty to the public was the position taken by its officials. Union leaders asked for it on grounds of economy and expedition, and admittedly because of a feeling that greater centralization of capital and power made corresponding centralization among various unions desirable.

The unions involved had asked their general officers for permission to strike in the event of the refusal to grant recognition of the federation.

A conference lasting three hours and twenty minutes was terminated by Mr. Kruttschnitt's final answer and following it the union representatives, sober faced, went into session by themselves, to consider the strike vote, which they may accept as binding or may reject, refusing to sanction a strike.

Kline Presents Case.

President Kline presented the case for the unions and replied to questions put to him by the railroad officials, who acted without a formal spokesman during the discussion. Mr. Kline based his pleading on economic grounds, and one of the officials said "held his own" in the questioning from his angle of the case.

Once or twice the discussion became lively, but it never ranged beyond cool headed argument. The railroad officials, in their turn, took the position already publicly announced by Mr. Kruttschnitt that the federation's power and demands would render it impossible for them to perform the duties and carry responsibilities which make them, in the words of Mr. Kruttschnitt, "quasi-public officials."

Kruttschnitt Issues Statement.

At the end of the conference Mr. Kruttschnitt issued the following statement:

"A conference was held between the national officers of the shop employees and Southern Pacific officials. In the conference the question of the benefits to accrue to both the company and the men from a federation was fully presented by the international officers and the officers of the railroad company explained at length the embarrassment that the company would experience in performing its public functions if hampered by a committee vested with sufficient power to control or partially control its operations. The discussion ended without altering the situation."

Union leaders have made no secret of their anxiety to avert a strike if it can be done and means to that end were canvassed fully in their meeting.

"Our meeting with Mr. Kruttschnitt was without result," said W. Kline. "Neither side would concede anything. The demand that he recognize the federation was presented to Mr. Kruttschnitt, but he refused to grant it. However, we still have hopes of averting a strike."

The Southern Pacific company continues to lay off men, between seventy-five and 100 men from its auditing staff having been let out. Most of these men have been employed as train auditors and this work will be done by conductors from now on.

Train Inspectors Laid Off.

Omaha, Sept. 2.—Again the axe of retrenchment has been wielded along the lines of the Harriman system of railroads and a bunch of forty-three heads have dropped into the basket. This number of train inspectors on the Union Pacific lines in Nebraska, Kansas, Colorado, Wyoming and Utah have been dropped from the payrolls.

I. C. Employees Serve Notice.

Chicago, Sept. 2.—Representatives of the international unions composing the federated shop employees of the Illinois Central, whose association has been refused recognition by President Markham of the railroad, gave thirty days' formal notice that they desire alterations in their contracts.

RAVENWOOD.

The Ravenwood picnic started off in fine shape Thursday morning. First was a parade by Harmony and the two Rosendale Sunday schools, numbering about 450. This certainly speaks well for this part of the country in Bible study. If any township in Nodaway county outside of Maryville can excel this we would like for them to speak out. We had by far the largest crowd for the first day we have ever had. The contest was won by Harmony Sunday school. Much of the exercise was instructive, entertaining and beautiful, with the ridiculous occasionally coming to the surface. E. F. Bishop delivered the address of welcome. Dr. Ford's address in the evening was very fine. He is a fluent speaker and a good entertainer. The base ball game attracted a large crowd. We have all the attractions and noise that usually follows such occasions. The roads, streets, and even the picnic grounds are getting very dusty.

STRAW HAT SEASON CLOSED YESTERDAY

"Three months thou shalt wear a straw hat and on the first day of the fourth month, discard it."

Such is the first commandment of Dame Fashion in regard to the masculine sex and the wove head piece.

It is an established fact that the straw hat season opens for men on the first day of June, and he who wears one before that time is subject to much comment and guying. Yesterday, September 1, the straw hat brigade becomes a thing of the past.

Yesterday was a busy day for the housewife. The husband awoke early and glanced at the calendar, hanging in the chimney place. His face turned a ghastly white. Thinking him about to collapse the wife runs to his side.

"Are you sick, dear?" she inquires.

"Lizzie, where is my old hat?" comes the answer in weak tones.

"Why, John, I gave it to a poor man the other day, it looked so old, and I thought you could wear the straw hat until Thanksgiving."

"Until Thanksgiving! Why, woman, I will be ejected from decent society if I appear on the streets after today in that straw headgear," says the head of the house.

The angel-faced wife insists that a new felt hat cannot be purchased until she gets one herself.

"John, I've worn this hat for five months now, and it's made of straw. If I can wear mine you can wear yours."

"Nix on that noise, wifie," is the reply, "I must get a new hat today or be put down on the black list."

A compromise is reached. He gets the new hat, and she gets a check for a new seal skin sacque, or some other petty trifle.

Motto: Save your old hat to wear on September 1.

Mrs. H. H. McClurg and daughter, Miss Carrie, of Pickering were in Maryville Saturday. Miss McClurg went to McFall, where she will teach the Prairie school the coming year.

Miss Aleta Eckhouse went to her home at Conception Saturday to visit over Sunday with her parents, Mr. and Mrs. M. J. Eckhouse.

Attack Like Tigers.

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. FRANCE AT WAR ON FOOD PRICES

Ministers Seek to Secure Reductions of Cost.

IMPORTS OF MEAT PLANNED.

Suspension of Various Taxes One of the Methods of Relief—Rioting Continues in Many Towns and Movement Is Spreading.

Paris, Sept. 2.—Premier Caillaux discussed with the minister of commerce and the minister of agriculture, M. Pams, measures which are to make lower prices of food possible. Among the measures under consideration are the importation of meat and live stock and the suspension of various taxes. The sacking of shops and incidents of violence in numerous places in the northern departments continue.

A campaign for lower prices of food was started in Paris. Ten taxicabs, their occupants carrying devices on which were inscribed demands that the cost of necessaries be lowered, paraded through the Champs Elysees and other thoroughfares.

Open agitation, with some violence, is going on in thirty or forty towns and cities in the northern departments, and the movement is spreading to other parts of France.

Banners bearing the inscription "Butter at 30 Sous or Revolution" were borne in a procession of 2,000 persons, mostly women, at Donai. As they marched the manifestants sang revolutionary hymns.

Soldiers Called In.

Saint Quentin, France, Sept. 2.—Rioting which broke out here over the high price of food lasted all night. A regiment of infantry and a squadron of cavalry called out to quell the disturbances were unable to cope with the mob, which plundered shops in widely separated streets in the city at the same time. Twenty of the rioters were taken to the hospitals severely injured.

Trade at Standstill.

Lens, France, Sept. 2.—Trade is completely at a standstill here, owing to the fear of expected food riots.

CARLISLE GRADUATE LYNCHED

Peter Mallick, Charged With Beating Wife, Shot to Death in Idaho.

Spokane, Wash., Sept. 2.—Peter Mallick, half breed Nez Perces Indian and a graduate of Carlisle Indian school, was shot to death by an infuriated mob at Grangeville, Ida., as he lay asleep in his cell in the county jail in that town. Over thirty bullets were fired into his body. Mallick was arrested some time ago, charged with beating his half breed wife while on a drunken spree. Her ribs were broken and her life was in danger for over a month.

Prisoner Escapes From Jail.

Central City, Neb., Sept. 2.—Robert Saddler, colored, who was bound over to the district court on a charge of cattle rustling, effected an escape from the county jail by kicking a panel from the door between the corridor and the sheriff's office and is still at large.

Sentenced for Life at Eighty.

Janesville, Wis., Sept. 2.—Louis Keller, eighty years old, was sentenced to life imprisonment for the murder of Johanna Hischke on June 21. He shot the woman as the result of a row over his attentions to her sixteen-year-old daughter.

FRISBIE KILLED AT NORTON, KAN.

Taunts Drive Aviator to Fatal Trip at Fair.

AEROPLANE WAS IN BAD SHAPE

Curtiss Aviator Announced He Would Not Go Up and Spectators Souted "Faker"—Wife, Son and Little Girl Saw Accident and Blame People.

Norton, Kan., Sept. 2.—J. J. Frisbie, the Curtiss aviator, was killed by a fall at the Norton county fair. Frisbie met with an accident and only went in the air again when driven to do so by the taunts and jeers of the crowd.

Frisbie fell about 100 feet and the engine of his machine fell upon him, crushing his left side and chest. He lingered for about an hour before he died.

Frisbie has been giving exhibitions in Elmwood park for several days. Thursday his machine acted badly and he had a fall of about forty-five feet, but beyond bruises and a shaking up was not injured.

He was skeptical about the ability of his machine to stand another flight and decided not to go in the air, but when this statement was communicated to the crowd there was an angry demonstration. The spectators hooted and shouted, "Faker! Faker!" and refused to listen to explanations.

Mr. Frisbie announced that rather than have the big crowd go away with the impression that he was not willing to do his best, he would attempt a flight. He ascended from the track without difficulty and attained a height of 100 feet, but in attempting to make a turn the plane tipped and Frisbie lost control. As he came crashing to earth the spectators could see the aviator attempting to right the machine, but as it approached the ground one of the wings crashed into a barn and the biplane, glancing off, struck the earth with Frisbie underneath.

Frisbie's wife, son and little girl were witnesses of the accident. Mrs. Frisbie was prostrated when she saw her husband fall. She bitterly denounces the action of the spectators in forcing her husband to make the flight with a disabled machine.

Frisbie was well known among the aviators, having flown at Belmont park and being a participant in the recent big meet at Chicago.

PAUL GEIDEL IS CONVICTED

Jury Finds New York Bellboy Guilty of Murder in Second Degree.

New York, Sept. 2.—The jury in the case of Paul Geidel, the seventeen-year-old bellboy, charged with the murder of William H. Jackson at the Iroquois hotel on July 26, returned a verdict of murder in the second degree. The jury had been locked up all night.

That the jurors were discussing a verdict of guilty less than first degree murder was made evident when they came into court after having deliberated six hours and asked instructions regarding the different degrees of murder. The report at the court house was that three of the men had held out for a verdict of murder in the first degree, while the others were divided in their opinion between a judgment of acquittal and guilty in some less degree.

By the verdict of the jury Geidel escapes the electric chair, but will be sentenced for a long term in either Sing Sing or Auburn prison.

Motions were deferred by Judge Crain until next Tuesday, when sentence probably will be pronounced. A verdict of second degree murder provides for imprisonment of a term of twenty years to a maximum of imprisonment for life.

When Geidel was brought into court to learn his fate he was pale. Tears welled into his eyes and rolled down his face when he heard the verdict, and he clenched his hands in an effort to control himself. None of his relatives was in court. The prisoner had nothing to say after the verdict was pronounced and he was quickly led away to the Tombs prison.

DR. GLADDEN TO RETIRE

Pastor Who Originated Term "Tainted Money" Will Quit Pulpit.

Columbus, O., Sept. 2.—Dr. Washington Gladden, pastor of the First Congregational church, famed for his opposition to accepting John D. Rockefeller's money for missionary purposes and known as the originator of the term "tainted money," has written a letter to his congregation announcing his early retirement from active duties as pastor. He yields leadership to his new assistant, Dr. Carl L. Patton, acknowledging that he is at a loss to account for the thinning of his congregation at Sunday services and declaring his belief that a younger man may be able to accomplish that which seemed impossible for him to do.

SAGE AND SULPHUR CURES DANDRUFF

A COAL TALK

It is about time to think of spending your summer savings for your winter comfort. I am very anxious to figure with you and help you to not only save some money, but get the best Coals for your furnace, hard coal burner, cook stove or heating stove. My past experience and satisfied customers leaves me to believe I can do both and also make a small profit from each one I serve. Remember I am exclusively in the Coal business, handling the best grades of Coal, all kinds, and I want your trade. Yours truly,

F. G. SHOEMAKER, Sr.
